PROFESSIONAL SUMMARY

BSc.CSIT student focused on Python and Django backend development, with hands-on experience building database-driven web applications and REST APIs. Comfortable with Django project setup, apps, models, ORM, URL routing, views, templates, authentication, static/media handling, and Django REST Framework. Familiar with MySQL, SQLite and Oracle DB, Git/GitHub, and frontend technologies. Seeking a Django/Python internship to contribute to real projects and strengthen production-level backend skills.

TECHNICAL SKILLS

Backend	Python, Django, Django REST Framework (DRF), REST APIs, Django ORM, JWT authentication
Django	Project/app setup, settings, URL routing, function/class-based views, models, migrations, templates, Django Admin, static/media files
Databases	MySQL, SQLite, Oracle DB
Frontend	HTML5, CSS3, JavaScript (ES6+)
Tools	Git, GitHub, VS Code, Python venv, pip, WordPress

PROJECTS

PalShare — Django Messaging Platform

Python, Django, DRF, JavaScript, Database

- Building a messaging platform with backend features for conversations and user-to-user communication.
- Working on sharing support for images, videos, documents, and links within messages.

Django E-commerce Web Application

Python, Django, Django ORM, SQLite

- Built and worked on a modular e-commerce backend with category, accounts, store, cart, and order functionality.
- Implemented Django models, URL routing, views, templates, authentication-related flows, and database operations.

College Website

HTML, CSS, JavaScript, WordPress

- Created a responsive college website and integrated it with WordPress as a CMS backend.
- Focused on mobile-friendly layouts and cross-browser compatibility.

Spotify UI Clone

HTML, CSS, JavaScript

- Built a responsive music-streaming interface with playlist and playback controls.
- Used DOM manipulation for interactive UI updates.

EDUCATION

BSc. Computer Science & IT — Mahendra Morang Aadarsha Multiple Campus, Tribhuvan University Nov 2023 – Present

+2 Science (Computer Science) — Bhanu Memorial College — GPA 2.80 2022 – 2023

SEE — HappyLand Secondary School — GPA 3.55 2021

CERTIFICATIONS & LANGUAGES

Certifications: Python Crash Course (CodeWithHarry) • WordPress Workshop, 2024

Languages: Maithili (Native) • Nepali (Fluent) • English (Proficient)
